## **ZeroG Avanna Vocaloid For VocaloidFEAE**

avanna's design is unique among vocaloids in many ways, primarily in her appearance. she has a very thin figure with a small face, and she has very sharp features that are very noticeable on her face. this is in contrast to other vocaloids with a slightly more rounded and less-noticeable face. her design is very different from other vocaloids, including kanako, who is also from the second generation of vocaloids. kanako's face is similar to many vocaloids, except that it is rounded a bit and seems more like a human's face than avanna's face. her hair is shaped in a style similar to a human's, and her hair is a more natural-looking color. in contrast to kanako's hair, avanna's hair is thick and stands straight up. avanna has a very thin figure and a small face. because of this, she looks like a human child with a lot of childlike behavior, even though she is a vocaloid. she uses "cuteness" as a selling point in the webpages of many of the studios that use her, making her very popular among younger fans of vocaloids. many female japanese people relate to avanna, since she looks like a real girl child. avanna's face is very different from other vocaloids, and can often be seen as a turning point in the development of vocaloids. avanna has a very sharp and thin-looking face with a very narrow nose, no eye-sockets, and even a small mouth. she also has a very large forehead, which is unusual in japanese faces. this trait is also found in her original image that was shown
